

## Air Belgium (KF-142) - Current Participation in IATA Settlement Systems

Dear Travel Agent,

On 18 September 2023, Air Belgium (KF-142) initiated a judicial reorganization procedure (Procédure de Reorganisation Judiciaire - PRJ) and a business mediation process in Belgium.

While the airline fulfilled its obligations for participation in the BSP as established under the Airline Risk Management Framework, including submission of a security deposit, with the recent developments, IATA has engaged in discussions with Air Belgium's senior management to clarify and formalize:

- updated requirements for continued participation in the IATA Settlement Systems, and
- a refund process for unflown ticket transactions processed through the BSP operations.

Until further notice, Travel Agents should continue to settle all outstanding billings directly to IATA as per the established BSP Calendars.

Will keep you informed of further developments in due course.
